Career Objective

Dedicated Computer Science undergraduate with strong analytical and problem-solving abilities. Passionate about software development and emerging technologies. Seeking opportunities to apply technical expertise and contribute effectively to organizational growth.

Education

B.Tech – Computer Science and Systems Engineering (Pursuing)	2023–2027
Lendi Institute of Engineering and Technology	Percentage:78%
Intermediate (MPC)	2021–2023
APEX Junior College, Vizianagaram	Percentage:83%
SSC (10th)	2020–2021
AP Model School, Ayyappanagar	Percentage:92.67%

Technical Skills

Programming Languages: C, java,python,
Web Technologies: HTML, CSS
Database Technologies: MongoDB, SQL
Tools: GitHub, WEKA (Data Mining & ML Tool), Microsoft Excel

Projects

Smart Transit System

- Developed a GPS-based route monitoring system with real-time tracking and ETA prediction.
- Implemented route deviation alerts and designed an analytical dashboard for performance monitoring.
- Optimized route efficiency by analyzing transit data to reduce travel delays.
- Tools & Technologies: Python, GPS Integration, Data Processing

SmartHire – AI Interview preparation platform

- Implemented adaptive question recommendations based on user performance and weak areas.
- Provided detailed insights like accuracy, time taken, and improvement trends using dashboards.
- Integrated AI to give instant feedback and suggestions for interview answers
- Tools & Technologies: HTML,CSS, JavaScript, React.Js, Node.js, Mongo DB, GitHub

Internship

Java Full Stack Development Intern

- Developed full-stack applications using Java and Spring Boot framework.
- Implemented CRUD operations, REST APIs, and database integration.
- Assisted in testing, debugging, and deployment processes in an agile environment.

Certifications

Cloud Computing – NPTEL: Cloud architecture, service models (IaaS, PaaS, SaaS), virtualization and deployment strategies.

Human-Computer Interaction -NPTEL: principles of user interface design, usability, user-centered design, and improving user experience through effective human-computer interaction.

Achievements

Participated in Smart India Hackathon and Quantum Valley Hackathon.

Participated in Project Expo at Andhra University (AU), showcasing an innovative project and presenting ideas
